Maryland Higher Education Enrollment Growth Sets Record

The following report highlights enrollment data submitted by the State's colleges and universities. Final numbers may vary slightly due to students enrolling or dropping out by November 15, the last date on which 2006 enrollment figures are reported to the Maryland Higher Education Commission.

- Total headcount enrollment at Maryland's colleges and universities rose by 2.9 percent, or 8,860 students, to a **record high** of 319,549.
- During the past 20 years, total enrollment in Maryland has grown by 37 percent. This marks the tenth year in a row of enrollment increases.
- Public four-year universities were responsible for 76.8 percent of the statewide increase in the past year, growing by 5.0 percent. Independent institutions increased by 3.0 percent and represented 18.2 percent of total growth. Community colleges, which grew only slightly (by 0.4 percent), accounted for 4.9 percent of the statewide growth.
- Forty-seven percent of the total statewide enrollment increase was attributable to a 2.9 percent rise in the number of full-time undergraduates. Full-time undergraduates have grown for 13 consecutive years. Full-time undergraduate enrollment increased in all three sectors: at community colleges (2.5 percent), public four-year colleges and universities (2.3 percent), and at independent institutions (5.2 percent).
- Twenty-three percent of the statewide undergraduate enrollment increase was due to 1.9 percent growth in the number of part-time undergraduates. At community colleges, part-time enrollments dropped by 0.8 percent and at independent institutions, the decline was 8.5 percent. The number of part-time undergraduates at the public four-year institutions rose by 11.8 percent. This increase was due to a 19.1 rise (3,092 students) at University of Maryland University College.

- The number of first-time, full-time students increased by 6.1 percent to an all-time high of 38,034. First-time enrollments rose in all sectors: by 5.2 percent at the community colleges, by 5.2 percent at the public four-year institutions, and by 9.3 percent at the independent campuses.
- Full- and part-time graduate and professional enrollments were the highest on record, driven mostly by an increase in part-time students. The number of full-time graduate/professional students grew by 2.8 percent, while part-time enrollments increased by 5.6 percent. This is the tenth straight year of growth for graduate and professional enrollments.
- Among public four-year institutions, growth at UMUC accounted for 75.8 percent of the overall growth in all undergraduates (Towson University made up 18.2 percent of the growth, Salisbury was responsible for 7.3 percent, and UMES, 5.1 percent). Eight of the State's 13 public four-year institutions increased their total undergraduate enrollment over last year. Those with declines in undergraduate enrollment included Coppin State University, Frostburg State University, St. Mary's College, University of Maryland Baltimore, and University of Maryland College Park.
- Ten of the 16 community colleges experienced headcount enrollment gains. Montgomery College increased by the most students: 630, a 2.8 percent gain. The highest percentage increase occurred at Garret College (12.7 percent, or 82 students). Enrollment declined at Allegany College of Maryland, Baltimore City Community College, Community College of Baltimore County, College of Southern Maryland, Prince Georges Community College, and Wor-Wic Community College.
- TESST College of Technology experienced the greatest gain in undergraduates (486) among the independent institutions.
- Women continued to outnumber men at Maryland colleges and universities, representing 59.5 percent of all students. Women made up 64.9 percent of the total enrollment growth at the State's campuses.
